CMTE PLUGIN SET UP GUIDE

Step 1 – Installation

Login to your site's cpanel and upload cmte_bonus_mod.zip file to public_html. Unzip it.

Login at your site's admin section and put the following link into your browser (replace {siteurl} with your actual domain: {siteurl}/admin/cmte_report.php?install=Yes

Every mod comes with a one-year maintenance license and if you encounter any difficulties, or need help with installation, you are happy to assist.

Step 2 – Admin Area Setup

You are required to set up the bonus page in your admin area.

Show the U	RL cmte_win.php?cm	te=xx	to	All Members	~	After	*	xx	clicks
Start Rota	ting Now								
212 155	ana A mananana manana								
O Rotate Du	ring This Time Period	£							
Start:		12	:00 🗸	AM~					
		12	-00 V	AM Y					

Place the following link to show the URL: cmte_win.php?cmte=xx. Replace xx in the URL with the number of bonus CMTE to be given on that prize page. Decide the member level that will find that page in the surf, decide if it will be once a day (after) or repeatedly (after every), and replace the xx with the number of pages the members will be required to surf before they find the page in the surf.

Select rotate now to rotate indefinitely or choose to rotate only during specific days or times.

You may change the amount of CMTE by changing the xx in the URL to another amount, and/or the frequency of the clicks at any time. You may delete these prize page entries, create new ones, create multiples ones etc. However, do be mindful of the amount of CMTE that you are giving away and plan accordingly so that it is not dispersed too quickly. A good average is somewhere between 50 and 100 CMTE per surfer per day.

The installation includes a CMTE page for your member menu which will be installed for you. This page will hold basic information for the members, including their CMTE balance and general site report, a crucial aspect in maintaining transparency in the crypto arena.

You will also be provided with an agreement page which you need to upload to your server and add a link to your footer. For example:

ABOUT OUR COMPANY EasyOnlineAdvertising is owned by Easy Digital Marketing (PTY) LTD.	GET STARTED Create An Account Member Login	CMTE AGREEMENT View Agreement	CONTACT US admin@easyonlineadvertising.com Help Desk
Privacy Policy			

Step 3 – Understanding your CMTE Report

CMTE Report – Filter by member

-	
5	ļ
tore	

Simply enter the User Id of the member you want to search and click Filter.

CMTE Report Day Wise R	CMTE Report Pending to Pay Paic	History Opening rt	Balance
	Statistics		
	Filter Criteria		
User Id 1			Filter Rese
Date	Win From	Win CMTE	Balance
2025-06-07 10:25 AM	Bonus	75.00	75
2025-06-07 11:31 AM	Special Bonus	1.00	76
2025-06-08 01:19 AM	Special Bonus	1.00	77
2025-06-08 02:39 AM	Bonus	10.00	87
2025-06-08 02:40 AM	Bonus	10.00	97

There are two categories in the "Win From" column. Bonus is from the prize page and each will be listed individually. For example, if you display the page multiple times in a day, Bonus will be listed each time one is claimed. Special Bonuses are given by admin only from the Pending to Pay page which will be shown in a subsequent screenshot. Balance is a running balance which will be set to nil when paid.

Daywise Report

This page is self-explanatory, and no action needs to be taken on it. It simply records the totals awarded and earned daily. It updates dynamically.

CMTE Report Day Wise Report Pending to Pay Paid History Opening Balance CMTE Report Day Wise Report ow 10 v entries

Pending to Pay

This page lists all the members that have a CMTE balance, how they earned their balance, and allows you to select members that you will pay. It also allows you to add special bonuses to member accounts. This feature can come in handy under some circumstances, such as a special promotion.

CMTE Report Day Wise Report Pending to Pay Paid History Opening Balance CMTE Report Pending to Pay Add Special Bonus Pay Now						
User ID	Username	Full Name	Email	Earn at Bonus Page (CMTE)	Special Bonus (CMTE)	Pending to Pay (CMTE)

Opening Balance

This sets the opening balance in the report visible on the member's CMTE page. This report is populated automatically on a day by day basis. But it is your duty as admin, to insert your opening balance each month. You can do that on this page.

Step 4 - Display CMTE balances to members

Make use of the following macro anywhere in your member area, to display their current CMTE balances to members.

#CMTE Balance#

You can make use of any of the images on the following page to let your members know that they can claim CMTE on your site.
