

# Recovering your KasWare Wallet

In the event of losing your password or any other mishap that prevents you from accessing your wallet. Make sure you have your 12 word seed phrase handy and follow the steps below.

Please make sure that you are logged in at google when looking for your wallet. You will not find it in your Chrome browser if you are not.

You need to make sure that you have the KasWare extension for Chrome in your Chrome browser. You can access your wallet in your Chrome extensions or by entering the following URL in your browser: chrome-extension://hklhheigdmpooloomdihmhlpjjdbklf/index.html#/account/unlock. If not, download it via <https://www.kasware.xyz>

If not, install it again by clicking: Add to Chrome

The screenshot shows the Chrome Web Store page for the 'KasWare Wallet' extension. The browser's address bar shows the URL: [chromewebstore.google.com/detail/kasware-wallet/hklhheigdmooloomdihmhljjdbkf?v=1750480514163](https://chromewebstore.google.com/detail/kasware-wallet/hklhheigdmooloomdihmhljjdbkf?v=1750480514163). The page header includes the 'chrome web store' logo and a search bar. The extension's name 'KasWare Wallet' is prominently displayed, along with a blue 'Add to Chrome' button. Below the name, the rating is shown as '3.3 ★ (66 ratings)' with a 'Share' link. A category tag 'Extension' and a user count '40,000 users' are also visible. The main preview area features a large image of the wallet's interface, which includes the 'KASWARE' logo and two buttons: 'Create new wallet' and 'I already have a wallet'. A vertical toolbar on the left side of the page contains icons for navigation and settings.
